## Intermediate School

**Kia U Ki Te Pai** Whatever You Do, Let It Be Your Best

### Morrinsville Intermediate Enrolment Scheme

The Ministry of Education have developed an enrolment scheme for Morrinsville Intermediate School, for implementation from 2024. The process to enrol your child for 2024 is now in place.

**Why do we need an Enrolment Scheme?** Enrolment Schemes are designed to:

- Manage the school roll
- Make the best use of the schools networks
- Ensure that the selection of applicants for enrolment at the school is carried out in a fair and transparent manner
- Protect the school from overcrowding

#### **How do Enrolment Schemes work?**

Enrolment schemes establish a home zone boundary to ensure all learners/ākonga can attend a reasonably convenient school. Learners/ākonga who live within a school's home zone boundary have an entitlement to attend. Those that live outside the home zone may be accepted only where there are sufficient out-of-zone places available. If there are fewer places available than there are applicants, their acceptance is subject to the outcome of a pre-enrolment process called a ballot.

**(Note** - students already enrolled at a school before a home zone is implemented or changed are entitled to stay at their current school).

#### **Out of Zone Enrolments**

Each year the board will determine the number of places which are likely to be available in the following year for the enrolment of students who live outside the home zone. The board will publish this information by notice in a daily or community newspaper circulating in the area served by the school. The notice will indicate how applications are to be made and will specify a date by which all applications must be received.

Applications for enrolment will be processed in the following order of priority:

**First Priority** this priority is not applicable at this school because the school does not run a special programme approved by the Secretary for Education.

**Second Priority** will be given to applicants who are siblings of current students.

**Third Priority** will be given to applicants who are siblings of former students.

**Fourth Priority** will be given to any applicant who is a child of a former student of the school.

**Fifth Priority** will be given to any applicant who is either a child of an employee of the board of the school or a child of a member of the board of the school.

**Sixth Priority** will be given to all other applicants.

If there are more applicants in the second, third, fourth, fifth or sixth priority groups than there are places available, Selection within the priority group will be by ballot conducted in accordance with instructions by the Secretary, under Schedule 20, Clause 3 (1) of the Education and Training Act 2020. Parents will be informed of the date of any ballot by public notice in a medium appropriate to the area served by the school.

**Applicants seeking second or third priority status may be required to give proof of a sibling relationship.**

The current proposed enrolment zone, due for implementation in Term 1 2024 for MIS is:

Kind Regards
