

MIS Student-Led Learning Conferences

Mid-Year Reports will be sent home on Monday 2nd August. On Wednesday 4th August you are invited to attend a 15-minute student-led learning conference (S.L.C.) with your child, from 8.30am to 6.30pm. Classroom teachers will be busy with S.L.C.s throughout the whole day so it would be appreciated if students are kept home from school and just come in for their S.L.C. booking, with their parents. (NB: students are asked to wear their formal school uniform to SLCs).

We would love to see every parent/caregiver attend as part of our Reporting to Parents process. Students without S.L.C. bookings will be expected to attend school as normal and will be supervised by our Tech teachers, who will conduct an S.L.C. with the students.

Parents / caregivers are invited to book a 15 minute slot by logging onto www.schoolinterviews.co.nz and using the **Event Code: 4tp4f**

If you do not have access to the internet, please phone the school office on 07 889 6629 for assistance.

Vision

S.L.C.s at Morrinsville Intermediate School are designed to:

1. Empower students to take greater responsibility for their learning.
2. Focus on recent learning and goal setting.
3. Help students build knowledge as learners by communicating what they know and where they need to enhance their learning.
4. Provide an opportunity for students to inform parents/caregivers of how they can assist them with their learning.
5. Strengthen the learning partnership between home and school.
6. Celebrate success.

When well-planned and organised, S.L.C.s are powerful experiences for all participants. The responsibility undertaken by the student to share their learning with their parents/caregivers, to show them what they have learnt, becomes a key factor in enabling rich communication between all parties and encourages strong motivation for learning.

For success, students need:

- To know exactly what they have learnt.
- The skills to describe their learning to others.
- Support and practice reflecting on their learning.

Throughout the S.L.C. members within the partnership are able to:

Students	Parents / Caregivers	Teachers
<ol style="list-style-type: none"> 1. Develop and extend their ability to talk about their learning. 2. Deepen their relationship with their parents / caregivers around their learning. 3.
